Imagine your life without the freedom to do what you want to do...

People with mild learning disabilities are one of the largest of all disabled groups, and yet the most ignored.

For over 30 years Generate has been working to prevent the isolation and loneliness faced by so many and ensure that people with mild learning disabilities are supported to lead full lives in their community.

Imagine not having the confidence to use a bus, go to the cinema, open a bank account or visit friends. These are just some of the day-to-day realities of life for many people with learning disabilities.

We exist to support people to enjoy the basic things most people take for granted, for example:

- the opportunity to make and maintain contact with friends
- support to travel with confidence on public transport
- the chance to seek advice and support when they need it
- access to information that they can understand
- opportunities to develop the skills and confidence to go to the cinema, open a bank account, get a job or go on holiday.....

Generate offers opportunities and support for over 400 people with learning disabilities in South West London.

WE NEED YOUR SUPPORT NOW!

Please support us to continue the work we do by making a one-off or monthly donation. Simply fill in the back of this leaflet and return the page to us. *Thank you*
